

BIOBLOCKED®

Table Of Content

BIOBLOCKED®

PERSONEL PROTECTIVE EQUIPMANTS

- 1-2 Coverall - Type 5-B / 6-B
- 3-4 Royal Shield Coverall - Type 3-B / 4-B
- 5-6 RED-ZONE Coverall - Type 3-B / 4-B
- 7-8 Isolation Gown - AAMI Level 3
- 9-10 Isolation Gown - AAMI Level 4

ACCESORIES

- 12 Overshoe - Long
- 13 Overshoe Taped - Long
- 14 Protective Oversleeve
- 15 Protective Oversleeve - Seamless
- 16 Bouffant Cap - Laminated

SURGICAL GOWNS & DRAPES

- 18-19 Surgical Gown - SMS
- 20-21 Surgical Gown - Reinforced
- 22-23 Surgical Gown - AAMI Level 3
- 24-25 Surgical Gown - AAMI Level 4

ACCESORIES

- 27 Bouffant Cap - SMS
- 28 Surgeon's Cap - SMS
- 29 Surgeon's Hood - SMS
- 30 Overshoe - SMS

OTHER MEDICAL APPAREL

- 32-33 Isolation Gown - AAMI Level 2
- 34-35 C-Secure Gown - 12X Protected
- 36-37 Patient Protect Gown
- 38-39 Visitor Protect Gown
- 40-41 Medic Scrub
- 42-43 Smock - Laminated
- 44-45 BreathEasy Coverall

MEDICAL MASKS

- 47-48 Surgical Mask - ASTM Level 3
- 49-50 Medical Mask - Type IIR
- 51-52 Medical Mask - Type II
- 53-54 Medical Mask - Type I
- 55-56 Kiddo Mask - Type I
- 57-58 Daily Mask - Layers 3
- 59-60 Cotton Mask - Washable

Personal Protective Equipments

EN 14126

**Protective
Clothing
Category III**

- It provides full protection against fine dust at 1 micron level.
- It is impermeable to liquids and particles.
- It is ergonomic
- Hood is fully compatible with face masks.
- The wrist and hood have soft rubber.

TYPE 5-B

EN ISO 13982-1:2004+A1:2010

Protection against solid
chemical particles

Tehlikeli kuru partiküllere
karşı koruma

TYPE 6-B

EN 13034:2005+A1:2009

Protective clothing
against liquid chemicals

Hafif püskürtülen sıvılara
karşı koruma

EN 14126:2003+AC:2004

Protective clothing
against infective agents

Patojen organizmalara
karşı koruma

Hooded Design

Three dimensional hood design with elastic band around the face opening, insures a better fit on the face maximizing the protection effect.

Security Tape

Thanks to the security tape, any leakage from the zipper area is prevented.

Elastic Cuff

The cuff uses an internal elastic band to further enhance tightness and protection.

- The front closure is provided with a zipper and the zipper fly is fixed to the opposite wing with double-sided tape.
- Easy to put on and take off.

Sterile: PS 5657-S
Non-Sterile: PS 5657

**Protective
Clothing
Category III**

- It provides full protection against fine dust at 1 micron level.
- It is impermeable to water-based liquids and particles.
- It is ergonomic
- Fully compatible with face masks.
- The wrist and hood have soft rubber.

Ultrasonic stitches

Ultrasonic stitches prevent leakage from these areas.

One-piece Hooded Design

Three dimensional hood design with elastic band around the face opening, insures a better fit on the face maximizing the protection effect.

Security Tape

Thanks to the security tape, any leakage from the zipper area is prevented.

Elastic Cuff

The cuff uses an internal elastic band to further enhance tightness and protection.

- The front closure is provided with a zipper and the zipper fly is fixed to the opposite wing with double-sided tape.
- Easy to put on and take off.

Sterile: PS 3465-S
Non-Sterile: PS 3465

- Personal protective gowns; It is designed to create a barrier between sterile and non-sterile areas used to prevent and minimize infections that may occur through fluid between patients and healthcare professionals.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.

Velcro Tape

Velcro tape prevents opening of the collar

Four Laces

Four-laced belt system insures secure fit

Ribanned Manshet

Elastic rib insert at cuff maximizes fit and protection.

Sterile: SG 0045P-S
Non-Sterile: SG 0045P

- Personal protective gowns; It is designed to create a barrier between sterile and non-sterile areas used to prevent and minimize infections that may occur through fluid between patients and healthcare professionals.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Ultrasonic stitches prevent leakage from these areas.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.

Velcro Tap

Velcro tape prevents opening of the collar..

Four Laces

Four-laced belt system insures secure fit

Ribanned Manshet

Elastic rib insert at cuff maximizes fit and protection.

Ultrasonic stitches

Ultrasonic stitching technique blocks infiltration of dust, dirt, particules and bacteria through the stitches thus maximizing security and protection of the user.

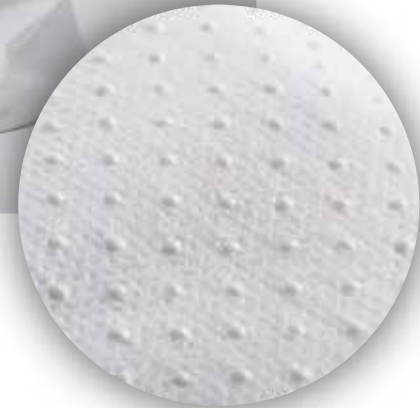

Sterile: SG 0460P-S
Non-Sterile: SG 0460P

ACCESORIES

- Overshoes are an addition to our Personal Protective Line.
- The aim is to limit the transmission of infectious agents.
- They have a non-slip sole, are laced, and come with elastic band on the top part for extra protection
- They are ergonomic

Sterile: PB 0060-S
Non-Sterile: PB 0060

- Taped Overshoes for extra protection
- The aim is to limit the transmission of infectious agents.
- They have a non-slip sole, are laced, and come with an elastic band on the top part for extra protection.
- They are ergonomic

Sterile: PB 0065-S
Non-Sterile: PB 0065

- Personal Protective Equipment aiming to give extra security to block the transmission of infectious agents.
- It is fixed to the wrist with a brace.
- Provided with soft elastic on wrist and elbow areas.
- Liquid proof and ergonomic.

Sterile: SC 0060-S
Non-Sterile: SC 0060

Finger Holder

Ultrasonic Stitches

- Personal Protective Equipment aiming to give extra security to block the transmission of Infectious agents.
- It is fixed to the wrist with a brace.
- Provided with soft elastic on wrist and elbow areas.
- Liquid proof and ergonomic.
- Ultrasonic Stitches

Sterile: SC 0065-S
Non-Sterile: SC 0065

- Bonnet; Hair protector, ergonomic, soft elastic , liquid-proof.
- PP+PE Laminated Material

Sterile: CP 0045-S
Non-Sterile: CP 0045

SURGICAL GOWNS & DRAPES

- Medical surgical gowns; These are equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.

Velcro Tape

Velcro tape prevents opening of the collar.

Four Laces

Four-laced belt system insures secure fit.

Ribanned Manshet

Elastic rib insert at cuff maximizes fit and protection.

Sterile : SG 0040-S
Non-Sterile : SG 0040

- Medical barriered gowns; These are health equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.
- Ultrasonic stitches prevent leakage from these areas.
- It is extra reinforced in the arms and front part of body.

Velcro Tape

Velcro tape prevents opening of the collar.

Four Laces

Four-laced belt system insures secure fit.

Extra Reinforced in Arm Hole

The reinforcement in the armhole prevents liquid infiltration and provides added protection.

Extra Reinforced on Front

Extra reinforcement on the front part and arms provides a barrier thus rendering the equipment more resistant by blocking infiltration of liquids. This provides extra security.

Sterile: SG 0240-S
Non-Sterile : SG 0240

- Medical surgical gowns; These are health equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.
- Used laminated PP + PE Materail.

Ribanned Manshet

Elastic rib insert at cuff maximizes fit and protection.

Velcro Tape

Velcro tape prevents opening of the collar.

Four Laces

Four-laced belt system insures secure fit.

Sterile: SG 0045-S
Non-Sterile : SG 0045

- Medical surgical gowns; These are health equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.
- Ultrasonic stitches prevent leakage from these areas.
- Used Laminated PP + PE Materail

Velcro Tape

Velcro tape prevents opening of the collar.

Four Laces

Four-laced belt system insures secure fit.

Ribanned Manshet

Elastic rib insert at cuff maximizes fit and protection.

Ultrasonic stitches

Ultrasonic stitching technique blocks infiltration of dust, dirt, particules and bacteria through the stitches thus maximizing security and protection of the user.

Sterile : SG 0460-S
Non-Sterile : SG 0460

ACCESSORIES

Bouffant Cap SMS ; Hair protector, ergonomic, soft elastic , liquid-proof.

Sterile : CP 0040-S
Non-Sterile : CP 0040

- It is a surgeon head protector that wraps around the head and is laced on the back.
- It should be tied with tape at the forehead.

Sterile : SC 0040-S
Non-Sterile : SC 0040

- Surgeon's hood with a soft elastic band that protects the lace-up head and face contours.
- The hood is fully compatible with face masks.

Sterile : SC 0040-S
Non-Sterile : SC 0040

- It is made of SMS fabric. It protects shoes from particles and the passage of microorganisms.
- The upper part is reinforced with soft rubber, the lower part is reinforced with non-slip tape.
- It is ergonomic.

Sterile : OS 0040-S
Non-Sterile : OS 0040

OTHER MEDICAL APPAREL PRODUCTS

- Isolation Gowns; these are health equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.
- Used PP+PE Material. AAMI Level 2 regulated.

Velcro Tape

Velcro tape prevents opening of the collar.

Four-Laced-Belt

Four-laced belt system insures secure fit.

Ribbed Cuff

Elastic rib insert at cuff maximizes fit and protection.

- C-Secure Gown 12X Protected these are health equipment manufactured for use in hospitals, operating rooms, healthcare institutions.
- Resistant to liquids with its barrier feature.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.
- Made with PP+PE Material.

Velcro Tape

Velcro tape prevents opening of the collar.

Four-Laced-Belt

Four-laced belt system insures secure fit.

Ribbed Cuff

Elastic rib insert at cuff maximizes fit and protection.

- Patient protect gowns; These are health equipment manufactured for use in hospitals, operating rooms, healthcare
- Soft and flexible ribs are used in arm cuffs.
- Resistant to moisture and bacterial penetration.
- Puncture, tear and abrasion resistant.
- Free from toxic substances.
- Lint and dust free.

Velcro Tape

Velcro tape prevents opening of the collar.

Four-Laced-Belt

Four-laced belt system insures secure fit.

Ribbed Cuff

Elastic rib insert at cuff maximizes fit and protection.

Produced 20gr/m² SS fabric Disposable,
breathable, elastic cuff, waist laced, velcro tape on
collar.

Velcro Tape

Velcro tape prevents opening of the collar.

Four-Laced-Belt

Four-laced belt system insures secure fit.

Ribbed Cuffv

Elastic rib insert at cuff maximizes fit and protection.

- Surgical gown. Ergonomic. Liquid repellent.
- Bottom: Elastic waist, side pockets.
- Top: Short sleeve, 3 pockets, V-neck.

V-Neck

Non-Sterile : MS 0040

- Produced PP+PE laminated fabric.
- Liquid proof and ergonomic, breathable, elastic cuff, zipper on the front collared comfortable to wear. Easy to take off.

Produced with laminated PP fabric with PE lamination. Liquid proof fabric construction. Breathable fabric, cuffs are with elastic rib insert. There is a zipper in the front. Easy to put on and take off.

- Produced with 20 gr/m2 Spunbonded fabric provides short period protection from particles.
- The hood provides protection by elastic band construction. Cuffs and ankles come with elastic bands for extra protection.
- There is a zipper in the front.

Hooded Design

Threedimensional hood design with elastic band around the face opening insures a better fix maximizing the protection effect.

Front zipper

The zipper provides comfortable donning of the garment and insures full frontal closure.

Elastic cuff

The cuff uses an internal soft elastic band to further enhance tightness and protection.

MEDICAL MASKS

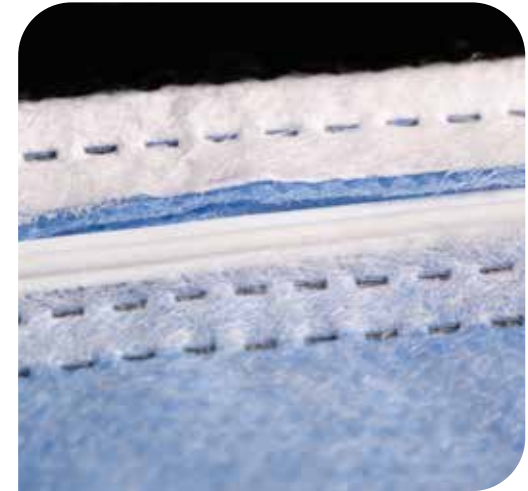

Ultrasonic Stitches

3 Layers

Integrated Nose Clamp

Ideal for procedures where heavy to moderate amounts of fluid, spray and /or aerosols are produced.

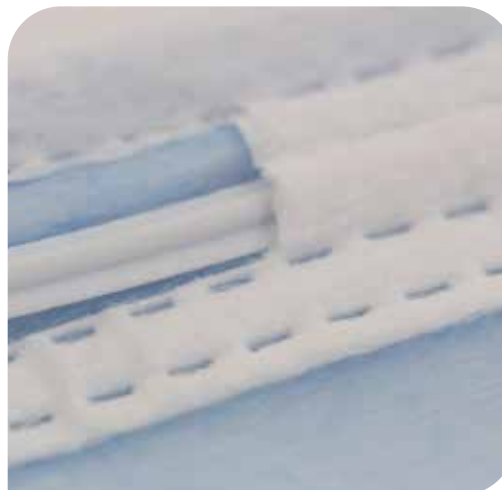

Sterile : SM 0299-S
Non-Sterile : SM 0299

**3 Layers****Integrated Nose Clamp****Soft Elastic Band**

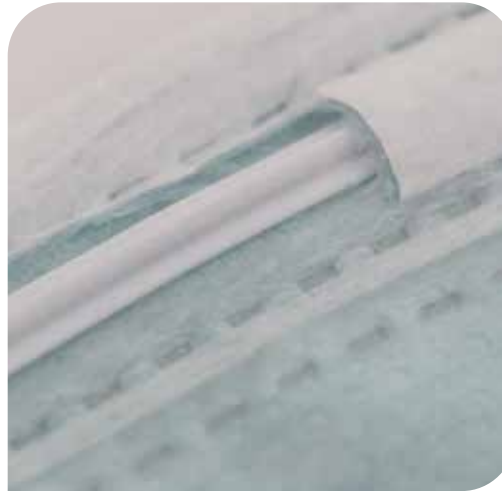

Medical face masks are used for patients, especially in epidemic or pandemic situations to reduce the risk of infection spread. The purpose of the mask is to protect the user against infectious substances (bacteria, viruses or fungi). With nose wire, soft elastic, comfortable breathability and excellent filtration.

**3 Layers****Integrated Nose Clamp****Soft Elastic Band**

The purpose of the mask is to protect the user against infectious substances (bacteria, viruses or fungi). With nose wire, soft elastic, comfortable breathability and excellent filtration.

**3 Layers****Soft Elastic Band**

Kiddo masks are used for patients, especially in epidemic or pandemic situations to reduce the risk of infection spread. The purpose of the mask is to protect the user against infectious substances (bacteria, viruses or fungi)., soft elastic , comfortable breathability and excellent filtration.

Integrated Nose Clamp

3 Layers

Soft Elastic Band

Daily masks are used for patients, especially in epidemic or pandemic situations to reduce the risk of infection spread. The purpose of the mask is to protect the user against infectious substances (bacteria, viruses or fungi). With nose wire, soft elastic, comfortable breathability and excellent filtration.

- Washable, reusable cotton Anti-Dust face cover mask for outdoor activities.
- Perfect fit, comfortable elastic , ergonomic
